OD-Mounted Auto-Feed Pipe Beveling Machine

This series machine adopts METABO motor, main applied in the field of power plant pipeline installation, chemical industry, shipbuilding, especially pipeline prefabrication and low clearance on site working, such as maintain thermal power auxiliary equipment, boiler pipe valve.

**Features**
- OD-Mounted
- Light weight
- Adjustable speed
- Compact design, good rigidity
- Tool feed/back automatically
- Original German METABO motor
- Ingenious centering device, easy for process various of pipe size

**METABO Motor**
- Model: BE 1100
- 230V -50/60 HZ 1100W 5.3A
- N 2800/Min (rpm)
- Made in Germany

**Specification**
